

The Humane Society of Wayne County

1475 County House Road, Lyons, NY 14489 315-946-3389

Website: <http://hswaynepets.org>

The Humane Society of Wayne County has cats and kittens available for adoption at the Webster and Victor PETSMArts. If you don't find the kitty you are looking for at these two locations, take time to visit our CAT ROOM at the Lyons Shelter.

There you can sit among a variety of cats and select your new best friend. Whenever introducing a new cat into a household, it is important to take into consideration the ages and temperments of your existing feline family. Lots of choices in the cat room, as well as the lobby, where most of the smaller kittens are housed.

Photos of the Shelter's Cat Room!!!!

Needless to say, Shelter Operations Manager Sheri Yenei has no problem drawing attention when it is "Treat Time" in the Cat Room!!!!

Many cats enjoy sitting up high to nap or view the other cats playing on the floor. Also, scratching is a must.

The shelter kitties have a lot of fun on the Cat Room's obstacle course. They can climb, pounce, relax, play, and have plenty of time to speculate which of the potential adopters they might like to interview!

The cats, of course, enjoy human comforts as well. Four of our residents are sleeping on the "Miss Kitty" bedding and watching activity outside of the window. It's also a good way to see who is friends with who!

For those cats who do not particularly care for the enthusiasm and social life of some of the other, often younger cats, the cat room features their own condos - where they can watch the room's activity in peace and quiet.

Most of the kittens are usually housed in these cat condos in the Lobby of the Shelter. Note that all of our cats and Kittens, as well as the shelter's dogs and puppies are spayed / neutered and have all age appropriate shots and veterinary care
